

ZANE GRAPER, MBA

Fort Branch, IN | zgraper@gmail.com | [linkedin.com/in/zanegraper](https://www.linkedin.com/in/zanegraper) | 812-215-0906

PROFESSIONAL SUMMARY

Tech-savvy professional with experience leading automation, analytics, and process optimization projects across manufacturing, finance, and emerging technology sectors. Skilled in Lean Six Sigma, data-driven decision making, and AI integration using LangChain, CrewAI, and AWS. Combines business insight with technical expertise to deliver scalable, efficient solutions aligned with organizational goals.

CORE SKILLS & TECHNOLOGIES

AI Integration | Automation | Data Analytics | Agile Leadership | Python | Tensorflow / PyTorch | AI Agents(LangChain, CrewAI) | Power BI | SQL | RAG Pipelines | AWS | Lean Six Sigma (Black Belt) | MVP Development | Workflow Automation | API Integration | Adaptability | Continuous Improvement | Git

EXPERIENCE

Founder & Technical Lead – Cornbelt AI (2026-Present) - www.cornbeltai.com

- Building an AI-powered agricultural intelligence platform integrating RAG-based decision systems.
- Developing product roadmap, infrastructure decisions (AWS), and frontend/backend coordination.
- Iterating toward production-ready LLM wrapper focused on real-world deployment.

AI Engineer & Project Manager – Asymmetrica Investments AG (2024–2025)

- Led AI-driven automation projects improving investor analytics by 12x.
- Collaborated with cross-functional users to implement automated reporting solutions.
- Gained experience managing iterative releases and system updates in a production environment.
- Built AI automation pipelines cutting manual reporting time by over 80%.

Operations Manager – Azteca Milling LP (2017–2022)

- Managed \$6M procurement budget; supervised 15–20 employees.
- Oversaw technology implementation and SOP revisions to improve compliance and system performance.

SELECTED PROJECTS & INTERNSHIPS

Product Development & Data Visualization Intern – IVoT Financial Training (2024)

- Built interactive dashboards enabling non-technical users to visualize financial data.

Project Manager – GrowYourBusiness (2024–2025)

- Managed automation and web development projects.
